# About Moot Court Society

Moot court is a simulated court proceeding where law students argue imaginary cases for the purpose of learning and practicing advocacy. It serves as a crucial platform in legal education, allowing participants to engage deeply with legal research, writing, and oral advocacy. Through moot courts, students not only build their legal reasoning and public speaking skills but also imbibe values of professionalism, justice, and fairness.

With great pride, the Moot Court Society of Shreeji and Associates has organised Nyaya Utsav, an international moot court competition that stands as a celebration of legal intellect, advocacy, and the spirit of justice.
