

# NAVIGATING LEGAL FRONTIERS: CHALLENGES OF ARTIFICIAL INTELLIGENCE INTEGRATION IN CONTEMPORARY LAW

This edited volume will be published by Satyam Law International Publications (Satyam Book Pvt. Ltd), a reputed name in academic publishing. The book will carry a duly procured ISBN, ensuring its authenticity and wide accessibility.

## *Target Audience*

- Academicians
- Legal Professionals
- Legal Practitioners
- Research Scholars

For any query, kindly email at:  
[callforpaper2025@gmail.com](mailto:callforpaper2025@gmail.com).

## ABSTRACT FORMAT

- Abstract format: MS Word (.doc/.docx).
- Abstract (250–300 words including 5 keywords)
- Co-authorship: Max 1 Co-author allowed.
- Word Limit: 6,000–8000 words (inclusive of footnotes)
- Plagiarism Limit: Max 10% (Turnitin Report mandatory)

## FOOTNOTING GUIDELINES

- All references must be cited using footnotes only.
- Use ILI Citation Style for legal disciplines.
- Font: Times New Roman | Size: 10
- Line Spacing: Single
- Number footnotes consecutively

## FORMATTING GUIDELINES

Font: Times New Roman | Size: 12  
Line Spacing: 1.5  
Alignment: Justified  
Paper Size: A4  
Margins: 1 cm on all sides

## COPYRIGHT DECLARATION

Authors must submit a signed Copyright Declaration Form confirming:-

- The work is original and unpublished.
- It is not under consideration elsewhere.
- The authors agree to transfer publishing rights to the editors/publisher, (as applicable).
- The Copyright form will be provided upon acceptance of the abstract.

# About The Book

The advent of Artificial Intelligence (AI) has brought revolutionary changes across different sectors, including the legal domain. From predictive analytics in litigation to AI-assisted legal research, contract analysis, and even judicial decision-making, AI is increasingly redefining the contours of legal practice and justice delivery systems. However, this integration also raises profound concerns regarding accountability, transparency, bias, data privacy, and ethical jurisprudence.

The legal field, traditionally reliant on human reasoning and interpretative skills is now grappling with a paradigm shift. As AI systems grow more autonomous and data-driven, legal scholars, practitioners, and policymakers are compelled to re-evaluate foundational concepts such as liability, due process, fairness, and rights in an AI-augmented world. The intersection of AI and law, therefore, presents both transformative opportunities and complex regulatory challenges.

This edited volume aims to explore and critically examine the evolving interface between AI technologies and legal systems. It seeks to address the theoretical, doctrinal, practical, and ethical dimensions of AI's impact on legal frontiers in both national and international contexts.

## Sub Themes

1. Artificial Intelligence and Human Rights
2. AI and Criminal Law: Issues and Developments.
3. Constitutional Law and the Governance of AI
4. AI in Cyber Law: Regulatory and Enforcement Challenges
5. Environmental Law and AI: Opportunities and Risks
6. AI and Personal Law: Ethical and Legal Considerations
7. International Law and Cross-Border AI Governance
8. Intellectual Property Rights and AI Innovations
9. Corporate Law in the Age of Artificial Intelligence
10. Artificial Intelligence and Medical Law

## Important Dates

30th Sept 2025  
Submission of  
Abstract

31st Jan 2026  
Tentative Dates  
for  
Book Publication

30th Nov 2025  
Submission of  
Full Paper

07th Oct 2025  
Notification  
of Abstract  
Acceptance

## About Editors

- PROF. ARUN UPADHYAY  
Deputy Director, AIALS, Amity University, Noida
- DR. ANKITA SHUKLA  
Associate Professor, AIALS, Amity University, Noida
- DR. VAISHNAVI YASHASVI  
Assistant Professor II, AIALS, Amity University, Noida
- DR. MISHAL NAQSHBANDI  
Assistant Professor II, AIALS, Amity University, Noida
