## ABOUT THE INSURANCE LAWYER GROUP

The Insurance Lawyer Group is India's **first dedicated legal awareness initiative** focused exclusively on insurance law and policyholder rights.

Founded by lawyers **Srilatha and Niranjan**, this group is on a mission to **bridge the gap between common people and complex insurance procedures** — through legal education, client support, and bold public advocacy.

We work at the intersection of **law, insurance, and justice**, empowering individuals to understand their rights, fight unfair rejections, and hold powerful institutions accountable.

Whether it's a denied claim, a confusing policy, or a hospital dispute — **we help clients stand up and speak law.**
